Challenge Us. We Solve Water Equipment Issues.  
Go Green Technology

**Women-Owned Business Enterprise**

# **We want to be your water solutions service company.**

We provide water solution services and products to Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri and Wisconsin.

Our staff and service department has over 30 years in the "water solutions" business. No job is to big or too small.

We service commercial, industrial and residential accounts providing many unique services as shown below.

### **Engineered Services**

We have "Ultrasonic flow meter calibration" equipment to verify that your meters are calibrated. It can also determine how much water is flowing in your pipes. These answers are provided with amazing accuracy.

- Consultative, On-site services - Equipment design layouts - Demolition and removal of existing equipment

### **Rentals (All-Types)**

- Filtration Go Green Technology  
- Water Softeners - Iron Filters  
- R.O. Systems - D.I.

### **Creative Solutions**

- Troubleshoot, Diagnose and Repair all equipment/systems - Recommend, Design, Layout - all new equipment/systems  
- Cost saving comparisons: new equipment versus overhauls and upgrades

### **Equipment Installation Supervision**

We can provide the help you need when you install equipment with in-house personnel. Let us verify and test the equipment - giving that BWS stamp of approval.
